

What Seasonal Cleaning is

Seasonal Cleaning is our most comprehensive service — a full property reset done two or three times a year. It includes everything in a Deep Cleaning plus preventive maintenance and the seasonal tasks routine cleanings can't reach — mattress rotation, AC filter replacement, re-caulking, shower head descaling, fridge water filter swaps, washer gasket cleaning, blinds and shutters, curtains laundered. We also coordinate any outside contractors needed (carpet specialist, pressure washing, pool service, roof, gutters, pest control) as a pass-through, with no coordination fee.

Personal items, kids' toys, bikes, gym equipment, sports gear, leisure items — we deep clean every piece: dusted, wiped down, and sanitized. Anything sitting in your home gets handled, not skipped around.

HOW WE WORK — OUR PROCESS

Seasonal Cleanings often span 1–2 days, especially when outside contractors are involved. We sequence the work so each step doesn't undo the last:

- **Plan first** — Walk-through to identify what needs replacing (filters, batteries, bulbs), what needs descaling, what contractors are needed.
- **Sequence outside work** — Roof and gutter cleaning first if needed (debris falls), then pest control, then pressure washing, then home interior, then patio. Each step doesn't dirty the previous one.
- **Deep cleaning interior** — Full Deep Cleaning scope inside — every room top to bottom.
- **Preventive maintenance** — Replace AC filters, smoke/CO batteries, bulbs. Inspect for minor damages and report to host.
- **Seasonal-only tasks** — Re-caulk bathtubs, descale shower heads, wash blinds and shutters, mattress rotation, dishwasher filter clean, washer gasket descale.
- **Final inspection + report** — Photo report of everything done plus any maintenance issues found, sent to host.

INCLUDES EVERYTHING IN:

- ✓ **Regular Turnover Cleaning** — full property reset, inspection, photo report, supply restocking, linens, towels, sanitization.
- ✓ **Deep Cleaning** — baseboards, inside cabinets, appliance interiors, ceiling fixtures, descaling, behind and under appliances, calcium / grease / lime removal.

SEASONAL ADDITIONS — AREA BY AREA

In addition to the full Regular Turnover and Deep Cleaning scopes, every Seasonal Cleaning includes these preventive and seasonal-only tasks:

BEDROOMS & LIVING AREAS

- ✓ Mattress vacuuming & rotation (as needed)
- ✓ Deep dusting of vents & AC filters (replacement if needed)
- ✓ Curtain / drape vacuuming or laundering
- ✓ Blinds and shutters deep cleaned

- ✓ Carpets / rugs deep cleaned with extractor
- ✓ Windows inside & outside cleaned (where accessible)

KITCHEN

- ✓ Dishwasher filter cleaned & descaled
- ✓ Oven hood / extractor filter degreased
- ✓ Fridge inside + accessible exterior + water filter replaced (if accessible)
- ✓ Pantry check – expired items removed, shelves sanitized

BATHROOMS

- ✓ Exhaust fan filters cleaned
- ✓ Shower head descaled
- ✓ Re-caulking bathtubs, sinks, and toilets
- ✓ Silicone & grout inspection, mold prevention
- ✓ Shower curtains washed (vinyl & fabric)

LAUNDRY ROOM

- ✓ Washer filter & gasket cleaned + descaling solution
- ✓ Dryer lint trap & vent line cleaned (accessible only) + floor under and around
- ✓ Supply lines & hoses inspected for leaks

OUTDOOR AREAS

- ✓ Outdoor furniture deep cleaned & protected (covers, treatment)
- ✓ Pool & spa inspection – water level, equipment, service call if needed
- ✓ Removable garden / hedge panels washed
- ✓ Pressure washing of patio / deck / garage coordinated through contractor

PREVENTIVE MAINTENANCE CHECK

Every Seasonal Cleaning includes a preventive maintenance check – small fixes and replacements done at the same visit, plus a report on anything bigger that needs attention before it becomes a problem:

- Smoke and CO detector batteries replaced
- Lightbulbs checked and replaced where burned out
- Minor damages and repairs noted, photographed, and reported to host
- Pest prevention check (ants, spiders, rodents) – basic sprays or granules if applicable

COORDINATED OUTSIDE SERVICES (PASS-THROUGH)

We coordinate any outside contractors your property needs, sequenced in the right order. **Client pays the contractor at cost – no coordination fee from us.**

- Carpet & upholstery extraction by specialist
- Window cleaning (large or exterior at scale)
- Pressure washing (patio, deck, garage)
- Pool & spa service
- Grill full disassembly & service
- Roof cleaning
- Gutter cleaning

- Extra gardening services
- Specialized pest control

OUR STANDARDS

- **Photo Documentation** — Photos taken after every clean — bed setups, bathrooms, kitchen, picky spots, and any issues found.
- **Inspection Report** — A written report after every visit: what's worn, broken, missing, or noteworthy. You always know what's happening in your property.
- **Supply Monitoring** — We track consumables (paper, soap, coffee, batteries) and restock or alert you before they run out.
- **Caretaker Mindset** — Our cleaners are trained to think like owners, not just task workers. They protect your asset.

WHEN TO SCHEDULE SEASONAL CLEANING

- Two to three times per year — spring + fall is the most common cadence
- Before peak guest season (start of summer or holiday season)
- After heavy-use periods (post-holiday, end of summer)
- When property maintenance has been deferred for 6+ months
- Property preparation before listing for sale or extended absence
- Any time the property feels like it needs more than a Deep Clean — when systems (AC, filters, caulking) need attention too

Note on duration: Seasonal Cleanings often take 1–2 days, especially when outside contractors are involved. We sequence the work so each step doesn't undo the previous one (roof/gutter → pest control → pressure washing → home interior → patio).

We protect your property, your time, and your peace of mind.
