- Excessive condition (mgr approval)

Full pricing in the Add-Ons Menu PDF — shared after first contact.

How we work — every visit, every property

Four standards we don't bend on.

01

PHOTO DOCUMENTATION

Photos after every clean — bed setups, bathrooms, kitchen, picky spots, any issues found.

02

INSPECTION REPORT

Written report after every visit: what's worn, broken, missing, or noteworthy. No surprises.

03

SUPPLY MONITORING

We track consumables — paper, soap, coffee, batteries — and restock or alert you before they run out.

04

CARETAKER MINDSET

Our cleaners are trained to think like owners, not task workers. They protect your asset.

Ready to start?

We protect your property, your time, and your peace of mind.
